The purpose of the academic library is to support the
curriculum, research and personal development of the
members of the academic community, and to provide a quiet
place to work or study.
The American Samoa Community College Library is open
to all ASCC students, faculty and staff. It offers essential
resources for students to access the information sources they
need to excel in their academic efforts, in their day-to-day
lives and in their decision-making activities.

- A class schedule / transcript / grade sheet / or clearance form (for proof or registration)

Library Cards are good for life and need not be replaced. The first card is free and patron information is updated as needed.

A $7.00 replacement charge is accessed for lost library cards.

Library Borrowing Privileges and Responsibilities

8. Onsite Access to Other Local Collections
The library belongs to a local area consortium called the American Samoa Library Consortium. Library patrons are able to view the collections of the other members in the consortium on the OPAC. The other three members in our local consortium are Feleti Barstow Public Library, The American Samoa Historic Preservation Office and Kanana Fou Theological Seminary. The collections can be viewed from the library’s OPAC stations or from other computers by going to the Destiny website:
http://202.70.113.26 and clicking on the Catalog tab.
Internet Access

The Internet can be accessed within the library from all the public workstations by selecting any of the web-based databases from the menu.

Internet Use Policy

Social networking sites such as Facebook, Twitter, and other chat sites are not allowed in the library.
Movies, music and games are also not to be played on the library computers.

The library and its staff reserve the right to refuse or restrict Internet access under these circumstances:
- Pornographic websites or materials displayed in the library (this may constitute "sexual harassment" charges or allegations).
- Use of Social Networking sites.
- Using the library computers to download music, videos or to play games.
- Frivolous or overextended use by one workstation, if other students are waiting.

Finding Books and Other Library Materials

To find books in the ASCC Library, use the Online Public Access Catalog (OPAC) or the Card Catalog available in the Reference area of the library. The OPAC is also available on the American Samoa Community College's website @ www.amsamoac.edu.

The electronic card catalog is available on the desktop of all library computers by clicking on the OPAC icon. The online catalog contains all that was in the old card catalog—and more!

The online catalog has:
- more information (such as whether the item is checked out or on the shelf)
- more ways to search (such as by author, title, subject, and keyword)

Even better, the catalog includes items owned by nearby, connected libraries. And, you can check the catalog from your computer at home!

To locate books use the OPAC (Online Public Access Catalog) stations located in the reference area. On the search screen type in a Keyword, Title, Author, Subject or Series and click on the appropriate search category.

Keyword Searches (best for general searches): will search out every record with that word in it.
Browse Searches (Title, Author, Subject): Searches alphabetically by first word (best option of looking for a specific item).
Search Results
The search results by default appear sorted by relevance. Destiny uses its keyword engine to “rank” search results based on the keyword searched. This means the title that contains the most references to the keyword is ranked higher (and displayed first) over other titles retrieved. However, you can choose a different order using the Sort by drop-down list, to re-sort the results. The last used sort key is persistent.

Library items are cataloged by the Dewey Decimal System. Some library call numbers may have prefixes to discern where in the library they are shelved.

The ASCC Library uses the following prefixes:

- **AV** – Audio Visual = Shelved in the Staff Workroom (for Faculty instructional use only)
- **B** – Biography = Shelved on 2nd floor of the Library
- **ER** – Education Resources = Shelved on 2nd floor of the library in the TERC room.
- **ER AV** – Education Resources Audio Visual = Shelved at Circulation Desk.
- **ER R** – Education Resource Reference book = Shelved on 2nd floor of the library in the TERC room.
- **EQP** – Equipment = 1st floor Circulation Desk (ASCC Faculty & Staff use only)
- **GD** – Government Documents = Shelved on 2nd floor of the library.
- **F** – Fiction = Shelved on 2nd floor of the library.
- **LP** – Large Print books = Shelved on 2nd floor of the library.
- **PB** – Paperbacks = Shelved on 2nd floor of the library.
- **PC / PCS** – Pacific Collection / Samoan Collection = In the 1st floor Special Collections room.
- **R** – Reference books
- **RB** – Rare Book Collection = Shelved on 1st floor Special Collections room.
- **RSV** – Reserved Course Textbooks = Shelved at the Circulation Desk
- **SPA** – Spanish Language books = Shelved on 2nd floor of the library.

The search results will also give you the exact title of an item, the author, the year published, whether or not it is available and the call number of the item.

- As an example in the above illustration the title of the book is **Basic golf**; the author is **Fahey, Thomas**; the published year is **1995**; the information says that **1 copy is available**; and the call number is **796.352 FAH**.

Clicking onto the **Details** tab next to the title will give you the Bibliographic detail screen for the item.
