The Heat

Stars: Sandra Bullock and Melissa McCarthy
Review by: Jessebeth Ropeti

Interested in becoming an FBI Agent? Looking for that fresh boost of confidence? Check out “The Heat!” The Heat features Miss Congeniality star Sandra Bullock and my all-time favorite comedian Melissa McCarthy. Tasked to work together, Agent Ashburn (Bullock) and Boston cop Mullins (McCarthy,) work out a game plan to bring down a ruthless drug lord. Although they cannot work together due to their differences, they become the last thing anyone expects: BUDDIES! Check it out... Director Paul Feig has promised you great satisfaction.

The Hunger Games: Catching Fire

Second Movie Adaptation of the Hunger Games Trilogy
Review by: Sarojni Singh

You thought the Hunger Games were over for Katniss Everdeen? Think again. Everything you know about the games, take it and throw it away. President Snow has something else in mind for everyone's beloved “Mocking Jay.” In the continuation of “The Hunger Games,” Katniss is pushed to her limits and is forced to make decisions that are life threatening to everyone around her. New alliances are made and trust is hung on thin wire. The future of Panem is placed on Katniss' shoulders as she embodies the symbol of hope. It is an exciting movie with twists and turns in every scene, not to mention the action and suspense. I give this movie two-thumbs up. I have been waiting for this movie since I read the books, and it does not disappoint one bit. “Catching Fire,” an appropriate term for the movement of the upcoming rebellion.

Submit your Review!

All reviewers that are published will go into a drawing to win a prize at the end of the semester.

Campus Talk: “CAPP”

Do you know what CAPP is? What do you think about it? Staff Siuila Uele, finds out what students have to say about ASCC’s College Accelerated Preparatory Program.

Paul Roache: *I took CAPP before. It really helped me because now I’m taking upper class like ENG 150 and MAT 151.*

Tafe Mose: *I am currently in the CAPP program. It really helps me a lot. The CAPP program really refreshes our memory from what we learned in high school. It improves our skills and knowledge.*

Adrienne Taape: *I took CAPP one semester. It was for MAT 90 and I felt like it was a waste of my time and money because that class was really similar to MAT 151. Now it’s just going to take longer for me to graduate.*

Taimane Luafutu: *I took English and Math courses with the CAPP. The courses really helped me a lot because I learned how to use transition words and it really helped me with writing essays. Overall, the CAPP program really helped me to get where I am now.*

Savali Faavae: *I took CAPP for MAT 90. The course was really helpful because it really refreshed my memory on some of the math problems that will help me when I take MAT 151.*

Didi Futi: *I am currently in the CAPP program for Math and English. It really helps me refresh my memory with essay writings like persuasive writing. It also really helps me write proper sentences and to write good essays.*

Campus Talk: “CAPP” (Continued)

Many students are talking about the CAPP courses they have taken. See what else they have to say!

Benjamin Manu: *I used to be in CAPP. I thought it was a waste of my time because I already knew everything in that program. My time in CAPP was pretty much a waste of money and time.*

John Faleafine: *I took CAPP for English and Math. I think the placement test was NOT fair. I'm pretty good at Math yet they put me in MAT 80 and 90 which was a waste of my time. I couldn't challenge the courses to test out of it, so I had no choice but to stay in those classes. It was really a waste of my time.*

Jorge Aiono: *I took remedial classes in 2010 for Math. It was very useful because it really prepared me for my college math classes. The program was useful for me, but it all really depends on the student.*

Mathias Faaita: *I was in CAPP for MAT 90. Since my math was kind of bad, I actually feel like the MAT 90 class was really good to help me in MAT 151. I think if you're not good in those subjects, CAPP helps you remember some things that you learned in high school to help you in college classes.*

Virginia Noval: *I was in CAPP this year. I feel like I just wasted my time and money there because I feel like I could've went to college classes and still do well. However, what I can say is that the CAPP program is very helpful for people because it refreshes their memory on certain stuff.*

Got an opinion about a hot subject on campus? Drop by 411 Editor Katrina Garcia's office or email her at ascc411newsletter@gmail.com. All students that participate on “Campus Talk” will go into a drawing to win a prize at the end of the semester.
