RE: Addendum to implement the Revised Institutional Learning Outcomes in the 2014-2016 Catalog

Dean Moananu,

In light of our new revised and approved Institutional Learning Outcomes (ILOs), this proposed addendum is to require permission to utilize the new ILOs in the 2014-2016 Catalog.

ILO 1 Effective Communicators:

ASCC graduates communicate respectfully, listen attentively, seek clarification, and value the opinions of others. Graduates effectively present information using a variety of modes and media. They adapt their method of presentation to suit specific audiences and convey their intended message using a variety of oral, written, and visual strategies;

ILO 2 Critical Thinkers:

ASCC graduates engage in the examination of ideas, issues, and problems, drawing on established bodies of knowledge and means of analysis. Graduates organize information logically and consider alternate strategies. They recognize the need for multiple voices and seek opportunities for those voices to be heard;

ILO 3 Global Citizens:

ASCC graduates are prepared to participate in regional and global communities. They demonstrate knowledge of their region and the world.

ILO 4 Quantitative Competent Individuals:

ASCC graduates organize, and critically examine written, oral, visual, and numerical information. Graduates efficiently use technology as a tool to gather and evaluate information from a variety of perspectives. Graduates use the information ethically, respecting the legal restrictions that exist when using published, confidential, and proprietary information;

ILO 5 Responsible Leaders:

ASCC graduates act with integrity and take responsibility for their actions, ethically and equitably. Graduates engage in professional dialogue and participate in learning communities.
